

## **The FA Tesco Skills Programme** **Skills Centre Information Sheet**

Skills Centres are after school coaching sessions that are aimed to give children, aged 5-11 an opportunity to develop their skills and abilities in an open, child centred coaching environment. The coaching sessions run in term times, and are delivered by the team of 4 specialist skills coaches.

Each term of work will have a different focus so children get an opportunity to develop their ability and progress their talents, whilst encompassing a wide range of football skills and game practices. The coaching sessions are age appropriate and designed to include all, helping children who are new to football build a foundation level of skill, to challenge and develop more experienced players.
